OHIM - IP C&C Newsletter New Edition.

Dear User

To celebrate and publicise the exciting cooperation and convergence work we are doing together, on behalf of President António Campinos, we are pleased to provide you with the latest edition of the IP C&C newsletter.

The newsletter is available in 22 EU languages and we invite you to support this work further by publishing it on your website. We want to help you showcase your involvement in the cooperation and convergence work, give you more information for your users, and keep those taking part in initiatives informed.

To download a copy of the IP C&C newsletter in the language of your office, please visit the [OHIM website](#) and make your selection from the drop down list provided.

In the latest edition you will find information on new projects that have started under the Cooperation Fund and Convergence Programme, an update on the latest version of TMview with its additional searching and filtering options, as well as details on the database supporting the enforcement of IP rights and Future Software Package.

We are keen to include updates from your office in the IP C&C newsletter. If you would like to propose items for future editions please contact a member of OHIM communication service: communicationservice@oami.europa.eu

We would like to thank you once again for your work and continued support.

Yours sincerely

OHIM Communication Service
